TO:

Hiring Manager,
Openprovider,
Colombo,
Western Province,
Sri Lanka.

DEAR HIRING MANAGER,

I am writing to express my interest in securing a Front-End Development Internship opportunity at Openprovider starting in July 2024 for a duration of six months. As a current student enrolled in a four-year Computer Engineering degree program at the University of Ruhuna, I have dedicated three years to refining my skills in front-end development.

I am proficient in JavaScript, React.js, React Native, HTML, CSS, and Dart, and I have experience with MySQL and MongoDB for database management. Additionally, I am skilled in using Docker for containerization, Jenkins for continuous integration, and Git for version control. My academic projects and hands-on experience have provided me with a solid foundation in creating responsive and user-friendly web applications.

I am confident that my passion for front-end technologies and my dedication to continuous learning make me a suitable candidate for this position. I am enthusiastic about the prospect of contributing my knowledge and skills to the Openprovider team, and I am fully committed to delivering results that uphold the high standards of your company. After six months, if my performance meets the company standards, I would like to discuss the possibility of a long-term career with Openprovider.

Thank you for considering my application. I have attached my resume for your review and would welcome the opportunity to discuss how my skills and experiences align with the requirements of the role. I can be reached via email at jathurajan@gmail.com or by phone at 0767625415. I look forward to the possibility of contributing to your team and eagerly await your response.

Sincerely,

JATHUSAN U
